

# How Does A Son Become A Mature Son?

A Son becomes a mature Son when he turns everything back to the Father. Only then will he know he has entered into maturity, a Son. ( The finished work )

Are there Sons already? There are many aspiring sons, but only one Son, seated at the right hand of the Father with all things under His feet. ( Eternal Rest )

He is the manifestation of the Father in earth, the earth dweller. He dwells in all men, and all creation; provides His fullness in the earth and gives the gift of Himself to all mankind. His sole purpose is to lift mankind before the Father. This is grace.

He is the only begotten; the mind and presence of the Father, always doing the will of the Father, the Father's right hand. He is crowned King, the beauty, love and grace of all.

He is sanctified to the will of the Father, set apart as the government to all men, conqueror.

His fellowship is whole and complete; ONE in righteous being. There is none or no thing outside of Him. He looks across boundless ages and sees only His Own Righteous Self.

I hear the Father say, "Awaken. Let there be Light," and each man in his appointed time hears The Father's voice from within.

"I introduce you to My Son, your first love." Such a glory; your first love; Such a glory! Oh come let us adore Him.

"Welcome to My Father's house My friends. I will present to you, My Father, and you will recognize the source of My glory. My Father and I are making our abode in you. He is the glory and the fulfilled plan; the quickening of creation. I continuously hold you in the Father as you shine forth; His will. We are His will in My righteousness; His exact likeness in Me. We are the Light of creation."

The Son of God is entered into rest. Hallelujah! His enemies are awakening in

this dawning light. The brightness is intense as He lives and moves in love; the arising of the new man. The Son's mercy is resurrection light; his pardon the breath of life.

**FREEDOM FROM SIN AND SEPARATION** and the lack of the authority of the law of sin and death has left a vacuum that is awakening and lifting all men. A mighty vacuum sound is causing men to look up and ask, "Who art thou oh Lord."

The law of the Spirit of Life is declaring, "You are free, you are loved, you are whole, you are ONE." That ONE is the Lord Jesus Christ, in whom all blessings flow, all life exists, the free gift of the Father unto his children.

Man is not his own under the Spirit of Life in Christ Jesus. Aren't you glad? But man is bought with a price. He is apprehended unto the newness of life, the freedom of being in the Spirit of I am.

Now Son, you see your work is finished, because a new man has come. You bathe in the light of His presence, and behold the righteousness and wholeness that He is. Yielded, you are born up by the conquering Spirit of The Only Begotten, who is alive, filled with glory, fully aware of the Father.

You council not with men but answer to the Father. You are not called to struggle or work or try to attain My God! He has attained, and He is come in you. You enter into rest in the knowledge of the new creation man. You are sealed in resurrection, you are in surety and are the witness and the evidence. You are at rest in the living room of the Father. You do not have the heart to deny His beauty, His righteousness, His Father Love.

Some must enter into rest. There is no rest in seeing lack or limitation anywhere. There is a veiled new world that is opened to you who will to see.

"I say rest My love, rest My love, rest My love. I have overcome the world. I am your fullness of salvation come in you."

"Let me ask you a question. Do you feel My presence Is this Me in you? Have I appeared in you? It is written When I shall appear, you shall be like Me. This is truth because It is I as you, the all knowing and all Being ONE."

In His presence:
